PROFESSIONAL SUMMARY

Results-driven **BI Lead & Data Analytics Professional** with **7.5+ years of experience** designing, developing, and administering end-to-end Business Intelligence solutions across manufacturing, finance, HR, sales, logistics, and procurement domains. Delivered analytics solutions for **10+ global clients across 5+ industries**, consistently translating complex data into measurable business outcomes. Proven expertise in **Qlik SaaS, Power BI, MS Fabric, and AWS**, with a strong track record of leading cloud migrations, driving cost efficiencies, and building scalable analytics platforms. Brings a **consulting-style breadth of exposure** — having served diverse clients and business functions throughout a focused, high-growth career — combined with deep technical leadership and cross-functional stakeholder engagement.

PROFESSIONAL EXPERIENCE

Module Leader · *Motherson Technology Services Ltd. (MTSL)* Aug 2024 – Present | Noida

- Leading **BI project pipeline management** across Qlik and Power BI platforms, overseeing 5+ concurrent client engagements and consistently meeting delivery deadlines.
- Serving as **Client SME** for analytics solution architecture, translating business requirements into scalable BI frameworks aligned with industry best practices.
- Spearheading **cloud migration POCs to MS Fabric (SaaS)** — including pipeline and dataflow creation, PySpark query conversion, and OneLake connectivity — reducing legacy infrastructure overhead by ~25%.
- Acting as **Tech Lead for BI & SaaS cloud solutions** (MS Fabric, AWS), providing technical advisory to existing and new clients to address their analytics pain points.
- Mentoring a team of BI resources and reviewing deliverables for quality, reducing post-delivery rework by ~40%.

Lead Engineer – Business Intelligence · *Motherson Technology Services Ltd. (MTSL)* Jul 2022 – Aug 2024 | Noida

- Drove **end-to-end migration of BI apps to Qlik Sense SaaS**, enabling automation, alerting, and AutoML capabilities and improving overall reporting efficiency.
- Collaborated with business stakeholders and **mentored a team of 4+ BI engineers**, establishing coding standards and best practices across the team.
- Managed Qlik on-premise infrastructure end-to-end: licensing, upgrades, performance tuning, and health monitoring.
- Architected and hosted a **Qlik Sense environment on AWS EC2 across multiple regions**, leveraging S3 as a data source; automated and chained tasks using AWS and Qlik CLI, saving ~15 hours/week of manual operational effort.

Senior Software Engineer – BI & Analytics · *Motherson Technology Services Ltd. (MTSL)* Aug 2021 – Jul 2022 | Noida

- Developed a comprehensive **HR Analytics solution in Qlik Sense** deployed across 20+ business units globally, consolidating previously siloed people data into a single analytics layer.
- Built **Finance dashboards in Power BI** covering management reporting, P&L analysis, and monthly performance reviews, reducing manual reporting effort by ~50%.
- Configured a **Qlik Sense Enterprise multi-node cluster** across multiple regions, improving system reliability and scalability for enterprise-scale deployments.
- Administered Qlik security framework including security rules, services, nodes, tokens, and access management.

Software Engineer – BI Development · *Motherson Technology Services Ltd. (MTSL)* Jul 2019 – Aug 2021 | Noida

- Designed and delivered **custom BI dashboards for AUDI Group's CDP solution**, enabling real-time operational visibility for key stakeholders.
- Built an **Operational Analytics Solution in Qlik Sense** for injection molding, inventory, and paintline operations, cutting manual data consolidation effort by ~60% through automated reporting.
- Automated financial and operational report distribution via **Qlik NPrinting**, eliminating ~10 hours/week of manual effort.

Engineer Trainee · *Motherson Technology Services Ltd. (MTSL)* Jul 2018 – Jul 2019 | Noida

- Developed **P&L and balance sheet dashboards** for senior management across group companies, embedding financial KPIs for budget vs. actuals vs. forecast tracking.

EDUCATION

PGP in Data Science & Business Analytics Jul 2021 – Jul 2022

Texas McCombs School of Business & Great Lakes Institute of Management

B.Tech in Computer Science & Engineering Jun 2014 – May 2018

Indian Institute of Information Technology (IIIT), Una, H.P.

CORE SKILLS & TECHNOLOGIES

BI Tools: Qlik SaaS | Qlik Sense | QlikView | Power BI | Tableau | Qlik NPrinting

Cloud & Infra: MS Fabric | AWS EC2 | AWS S3 | OneLake | AWS CLI

Languages: SQL | Python | PySpark

ML & Analytics: Regression | Classification | Clustering | Time Series | AutoML

Domain Expertise: Manufacturing | Finance | HR Analytics | Sales | Logistics

Soft Skills: Team Leadership | Client Engagement | Agile | Solution Architecture
